

2024 - 2025

FACULTY OF BIOETHICS

LICENTIATE DOCTORAL PROGRAM OTHER COURSES

on campus

online

RIGOROUS AND INTERDISCIPLINARY RESEARCH OF BIOETHICAL ISSUES FOR THE PRESERVATION OF LIFE LOYAL TO THE MAGISTERIUM OF THE CHURCH AND IN DIALOGUE WITH CONTEMPORARY SOCIETY.

PRESENTATION

The Faculty of Bioethics seeks to deepen and consolidate a way of thinking in line with the "culture of life" (cf. *Evangelium Vitae*), promoting the integral respect of every human person from conception until natural death and promoting dialogue between cultures and religions. The Faculty of Bioethics offers the Academic Degree Cycles of **Licentiate** and **Doctoral Program**. It also collaborates with the Anáhuac University of Mexico for the **Master in Global Bioethics online** and the **Maestría de Estudios de Bioética en Línea**. It collaborates with the Universidad Finis Terrae of Santiago de Chile for the **Magíster en Doctrina Social de la Iglesia. Reflexión y vida**.

AUDIENCE

Doctors and health personnel; Researchers in biomedicine, Priests, Legal Workers, Educators, Journalists, Politicians, Engineers, Physicians, Bioethicists, Philosophers, Theologists.

ADMISSION REQUIREMENTS

Cycle I-II Degrees and Related and/or Equivalent Degrees.

CAREER OPPORTUNITIES

Bioethics Committees, Nongovernmental Organization (NGOs), Hospital Ethics Committees, Pharmaceutical Companies, Pro-life Organizations, Media, Teaching in Schools and Universities.

EDUCATIONAL INNOVATION

The Pedagogical model, renewed and approved by the Dicastery for Culture and Education, integrates technology into the educational process for better integral development of students. In continuous relationship with the teacher, and supported by new tools, the student is the protagonist active in his own learning.

GENERAL INFORMATION

Licentiate

Cycle II or **Licentiate** corresponds to a **Master's Degree**. The Courses for the Licentiate are developed in two ways:

a) Weekly Courses, which take place throughout the semester, from Monday to Friday;

b) Intensive Courses, which take place over two intensive weeks per semester

Modality: on-campus.

Duration: 2 years (120 ECTS)

Language: Italian (and English only during the Intensive Courses).

Doctoral Program

In-depth research on a topic of Bioethics and writing of the doctoral thesis, under the guidance of a faculty member, in which the student produces a publication that is personal and original.

Duration: 3 years
