Rome, June 17, 2021

Dear Rector / Principal / Superior / Professor,
Reverend Father, Reverend Mother,

the Science and Faith Institute of the Pontifical Athenaeum *Regina Apostolorum*, in collaboration with the *International Centre of Sindonological Studies* of Turin, the *Giulio Ricci Diocesan Center for Sindonology* in Rome and *Othonia*, is offering the fifth consecutive English edition of the Postgraduate Certificate in Shroud Studies, now in its twelfth edition in Italian and in its third edition in Spanish language.

This online program offers a panoramic view of several interrelated fields: theology, archaeology, history, physics, chemistry, forensic medicine, etc. The program is for priests, seminarians, consecrated men and women, lay apostles, professors, researchers, journalists – in short, anyone who desires a deeper grasp of Shroud studies, using an interdisciplinary approach.

It is two semesters long and all courses and conferences would be followed on the internet by audio-video and file materials provided by the Professors. At the end of the program, once You'll have completed the curriculum, You will achieve the *Postgraduate Certificate in Shroud Studies*.

We would like to underline by now the effort of this course of studies to offer the students a program with professors and contents of the highest level.

We hope You enjoyed this presentation and find it as interesting as this subject really is.

You can find all the information You would need in the attached brochure and at the following [link](#).

We remain available for any further information and clarifications.
