

Post-Pandemic and Neurobioethics in dialogue

Interdisciplinary Conference - Free Zoom Webinar

June 10-11

from 3:30 pm to 6:30pm (Rome and Cape Town)
from 9:30 am to 12:30 pm (New York and Montreal)
from 2:30 pm to 5:30 pm (London)

June 3, 2021 - The School of **Bioethics** of the **Pontifical Athenaeum Regina Apostolorum**, **Neurobioethics Study Group**, the **BrainCircleItalia** organize **two days of reflection** dedicated to the **post-pandemic, ethics, law, statistics, and vaccines anti-COVID**.

Many **questions** and multiple **issues** will be addressed:

- surveillance and **individual control** through biometric recognition, which states could maintain and implement even after the epidemic crisis;
- the role of the **digital revolution**, as a new form of coexistence between men that can redefine the current concepts of privacy and freedom;
- the **redefinition** of our **identity spaces**, reshaped by these invisible threats.

We are living a very complex historical moment, on one hand the **best era** to be able to face this **Pandemic clinically** and **technologically**, on the other hand the **Coronavirus** that, like a "storm", is **unmasking** our **vulnerabilities**, leaving uncovered those superfluous securities with which we have built our agendas, our projects, our habits, and priorities.

A **Panel** of the highest **scientific** and **cultural** background (including **Viviana Kasam** - President BrainCircleItalia, **Prof. Fr. Alberto Carrara, LC**, Dir. of Neurobioethics Study Group APRA - UER, **Prof. Gian Carlo Blangiardo**, President of ISTAT, **Prof. Marina Pizzi**, Dean of Research, University of Brescia, **Prof. Matilde Leonardi** Neurologist, pediatrician, Director UOC - Fondazione IRCCS Istituto Neurologico Carlo Besta, Milan, **Prof. Amedeo Santosuosso**, Former President of First Chamber, Court of Appeal of Milan Professor of Law, Science, New Technologies at the University of Pavia, Department of Law Professor of ICTs, Artificial Intelligence and law at Institute of Advanced Studies (IUSS), Pavia (I) and many others) **divided** into **four sessions**, will confront and debate on these issues, in an **interdisciplinary wide-ranging confrontation**.

Please find the complete Program of the Conference attached and at this [link](#).

Sponsoring organizations:

- Pontifical Athenaeum Regina Apostolorum (APRA)
- European University of Rome (UER)
- UNESCO Chair in Bioethics and Human Rights APRA
- Institute of Science and Faith APRA
- Master Consulting Philosophical Existential Anthropology APRA-UER

INFO

- **Free and online;**
- **Enrollment deadline:** June 9, 2021;
- **Language:** Italian with simultaneous translation in English;
- **Extra:** request a certificate of participation for only 5 euros.
